Parking Permits

All vehicles parked in "permit only" areas must display a parking permit tag at **all** times. If you do not have your current permit please contact the office about obtaining one. If you do not use a tag in "permit only" areas you are subject to being towed at your own expense and you could be issued a fine by the Detroit Beach Association. We will be out this year patrolling the park parking areas.

Permits are transferable for use between multiple vehicles and they may be used by your visitors. Remember you need a permit to park at most of the parks and beach areas within the community. The new parking permits are green and are good until December 2020.

Volunteers Needed

With the warm weather approaching we are always looking out to the community for those who would like to help make a difference in the beautification of Detroit Beach Association. There are as number a clean up projects and general maintenance items throughout our community that we could use volunteers to assist us with. If you are interested in helping our community out by volunteering some of your time or know of any local group or organization that would like to do some volunteer work please contact the association office so that we can set it up. During the warm weather summer months we are usually doing the clean up and beautification Sunday's at 10:00 am at Bear Park on 5th Street.

Tree Removal Program

In order to have a tree inspected for removal you need to meet the following requirements:

- Tree must be in the road right-of-way or common grounds of the association.
- Tree must be dead or dangerous to be removed.
- Tree must be marked by the Resort District Authority.
- A letter must be submitted to the association office from the homeowner giving the Resort District Authority permission to inspect the tree and take it down if necessary.

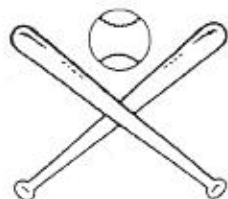

If you are interested in seeing if you are eligible to have a tree removed that is within the right of way please stop by the office and fill out a request form.

Pavilion & Ball Diamond Reservations

Reservations are now being taken for both the pavilion and ball diamond. There is a refundable deposit to rent/hold the pavilion for an event. You **must** "rent" the pavilion from the office in order to use it for any event. This is to avoid conflicts with other residents who have reserved the pavilion. Please stop by or call the office to check on the availability of the pavilion and to fill out a rental agreement. Parties caught being held without having an agreement with the office may be asked to leave.

Residents who coach a baseball or softball team and wish to use the diamond at Bronson Park for practices must schedule days and times through the office to avoid conflicts with other coaches. Any coach violating the park or parking rules will forfeit their scheduled dates and will not be allowed to use the ball diamond further.

Pets at Large

As the weather gets warmer we are aware that residents are getting out and walking there pets. We ask that all residents remember that pets **must** be leashed at all times. They are not allowed to run free in our community for your safety and everyone else's. This includes letting pets free within your yard. They need to be leached or fenced in at all times for the protection of everyone.

Reminder that pet waste can transmit diseases so please clean up after your pet when at the beach or any park area with in the community for the well being of the children and all community members.

Dogs **must** be registered and up to date on shots. Every dog over four months of age is required to have a current dog license securely attached to its collar and the collar must be around the dog's neck at all times.

In order to purchase a dog license you must provide proof that the dog has a valid rabies vaccine. In Monroe County the only place you can purchase a dog license is Monroe County Animal Control Shelter located at 911 S. Raisinville Monroe, MI.

Lawn Maintenance

As weather permits we will be mowing all the park areas. The mowing of all park areas is done by Osborne Lawn & Landscaping a contractor hired by the Detroit Beach Association board. We are asking that all residents and their children please vacate park areas during the time the contractors are working for everyone's safety. Mowing is usually done on Thursdays weather permitting. We ask this for the safety of all involved and so that it can be done in a timely fashion. If you have any questions or concerns regarding the lawn maintenance please contact the office.

Slow Down

All roads within the Beach community have a speed limit of **25 mph**. As the weather warms many residents will be out walking, running, or biking we ask that everyone be aware of their surroundings and use extra caution when driving through the beach. You may need to drive slower during the warm weather months to keep residents safe. As you are aware we are a community that does not have sidewalks so we need to share the roadways with our residents and their children.
